## 02 – SPECIALISMS

Choose up to one of the following Specialisms. Your model has that Specialism and its associated ability.

### OPTIONS

**Cybercanid Mount (INFANTRY only):** Change this model's Move characteristic to 12", and it gains the Scouts 9" ability. Remove the INFANTRY keyword, add the MOUNTED keyword, and replace the list of units this model can be attached to: SERBERYS RAIDERS, SERBERYS SULPHURHOUNDS.

**Cybernetica Overseer (+10 pts) (INFANTRY only):** Replace the list of units this model can be attached to: KASTELAN ROBOTS.

You can attach this model to a KASTELAN ROBOTS unit, even if one or more CYBERNETICA DATASMITH models have already been attached to it. In such cases, if that Bodyguard unit is destroyed, the Leader units attached to it become separate units with their original Starting Strengths. While attached to a KASTELAN ROBOTS unit, this model loses the INFANTRY keyword and models in that unit have the Doctrina Imperatives Faction ability.

**Flight Pack (INFANTRY only):** Change this model's Move characteristic to 12", and it gains the Deep Strike ability. Add the FLY and JUMP PACK keywords, and replace the list of units this model can be attached to: PTERAXII SKYSTALKERS, PTERAXII STERILIZORS.

**Stilt Limbs (INFANTRY only):** Change this model's Move characteristic to 8", and it gains the Infiltrators and Stealth abilities. Replace the list of units this model can be attached to: SICARIAN INFILTRATORS, SICARIAN RUSTSTALKERS.

## 03 – ABILITY

Choose one of the following abilities. Your model has that ability.

### OPTIONS

**Control Edict (+10 pts):** While this model is leading a unit, each time a model in that unit makes an attack, you can re-roll the Hit roll.

**Galvanic Field:** While this model is leading a unit, weapons equipped by models in that unit have the [LETHAL HITS] ability.

**Omnissiah's Blessing:** In your Command phase, select one friendly ADEPTUS MECHANICUS model within 3" of this model. That model regains up to D3 lost wounds and, if it is a VEHICLE model, until the start of your next Command phase, that model has the Feel No Pain 5+ ability. Each model can only be selected for this ability once per Command phase.

**Seekers of Divine Arcana:** While this model is leading a unit, add 1 to the Objective Control characteristic of models in that unit.
