01 – ARCHETYPE

When creating an **ADEPTUS ASTARTES** Crucible Champion (excluding **PSYKERS**), you can make that character a **BLACK** **TEMPLARS** character. To do so, add the **BLACK TEMPLARS** Faction keyword at Step 1. Once you have done so, follow the remaining steps, and when doing so, the steps shown below have additional options.

03 – ABILITY

Add the following options to those on the Adeptus Astartes pages.

OPTIONS

Armour of Faith* (INFANTRY and MOUNTED only): Once per phase, when an attack is allocated to this model and the saving throw is failed, you can change the Damage characteristic of that attack to 0.

Condemnatory Annihilation: Each time this model's unit has fought, if one or more enemy units were destroyed as a result of those attacks, each enemy unit within 6" of this model must take a Battle-shock test.

Inspirational Exemplar: While this model is leading a unit, each time a model in that unit makes a melee attack, an unmodified Hit roll of 5+ scores a Critical Hit.

Remorseless Persecution (+10 pts): While this model is leading a unit, that unit is eligible to declare a charge in a turn in which it Advanced.

Vehement Aggression (+20 pts): While this model is leading a unit, each time that unit is selected to fight, take a Leadership test for that unit: if passed, until the end of the phase, each time a model in that unit makes an attack, you can re-roll the Hit roll; if failed, until the end of the phase, each time a model in that unit makes an attack, re-roll a Hit roll of 1.

Vengeful Exhortation: While this model is leading a unit, each time a model in that unit is destroyed by a melee attack, if it has not fought this phase, roll one D6: on a 4+, do not remove it from play. The destroyed model can fight after the attacking unit has finished making its attacks, and is then removed from play.
